EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Brion Heaney on 6/21/04. The application has been amended as follows: Please replace the first sentence of the specification with,

"This application is a continuation of application serial no. 08/466,329, filed June 6, 1995, which is now US Patent No. 6,175,008, which is a continuation-in-part of application serial no 08/040,163, filed March 29, 1993, which is now US Patent 5,466,806, which is a continuation-in-part of application serial no. 07/564,160 filed August 7, 1990, now abandoned, which is a continuation-in-part of applications nos. 07/308,101 filed February 8, 1989, which is now US Patent No. 5,047,407, and 07/546,676 filed June 29, 1990, which is now US Patent No. 5,041,449, which is a continuation of application serial no 07/179,615, filed April 11, 1988, now abandoned."

Statement of Reasons for Allowance

2. Claims 35-50, 55-72, 74, and 75 are allowed. The following is an Examiner's statement of reasons for allowance: Applicants' comments concerning

Art Unit: 1624

the interview of 2/12/03 are correct. All the monocyclic compounds were searched and are contained within the elected subject matter. This includes the 1,3,5-triazines, the 1,2,4-triazines, the pyridin-2-ones, the 1,2,4-triazoles, the imidazoles, and the pyrroles. Thus, the objection concerning non-elected subject matter, made in point #3 of the previous office action, was improper and is withdrawn. The Examiner regrets the oversight and the subsequent error. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

3. Information regarding the status of an application should be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at (866) 217-9197 (toll-free).
